PEP Grade 4 Performance Task – Advanced

This performance task assesses Mathematics, Language Arts, and reasoning skills using a real-life scenario aligned to PEP expectations.

SCENARIO: HEALTHY LIVING AT SCHOOL

Your school is planning a Health and Wellness Day to encourage students to live healthier lives.

TASK PART A: DATA & MATHEMATICS (10 marks)

A survey of 40 students shows: Fruits – 18, Vegetables – 12, Snacks – 10.

1. Draw a bar graph to represent the data.
 2. Which group is the largest?
 3. How many more students prefer fruits than snacks?
- Each fruit pack costs \$250.
4. Calculate the cost to buy fruit packs for 25 students.
 5. If the school has \$7,000, will this be enough? Explain.

TASK PART B: LANGUAGE ARTS (10 marks)

6. Write a paragraph explaining why healthy eating is important for students. Include an opening sentence, supporting details, and a conclusion.

7. Rewrite using correct punctuation: eating healthy helps us to grow strong

TASK PART C: THINKING & REASONING (10 marks)

8. Suggest one activity for Health Day and explain how it helps students stay healthy.
9. Suggest one way to encourage students to eat more vegetables and give a reason.

RUBRIC (TEACHER USE)

Criteria	Excellent	Satisfactory	Developing
Mathematics & Data	Accurate graph and calculations	Minor errors	Major errors
Writing & Organisation	Clear and organised	Some organisation	Limited organisation
Reasoning	Clear explanations	Some explanation	Limited explanation
Total Marks	30
